We have a panel of Professionals, qualified scholars, Alims, huffaz to guide our Students. Our focus is to develop our students as global citizens, with tolerance, respect and appreciation of diverse cultures and religions for a life-time learning experience.

At HIIS we adopt the system of education which is unlike compared to other schools. We create an atmosphere where every single child feels the real fun of learning. Our students will achieve the skills, mental balance and behavioural characteristics that would enable them to actively work to make the world a better place to live in peace.

At last, I am thankful to all those parents, who admitted their wards in my school, Inshallah. My team and I will give our best to assure a great career and future for your child.

Jazakallah Khair
Mr. Mohammed Riyazuddin
Director HIDAYAH GROUP OF INSTITUTIONS

PRINCIPLES THAT TRANSFORM OUR STUDENTS TO BECOME THE BEST

Hidayah is an Arabic word which basically means “guidance”. According to Islamic belief, guidance has been provided by Allah (S.W.T) to humans primarily in the form of Quran and Sunnah.

We believe that this concept when envisioned and ideally propagated goes beyond the school to encompass homes and the community at large.

PARENT’S PARTICIPATION AT HIIS

We believe the environment at home & relationship among siblings plays a pivotal role in a human’s life. The teachings of Islam and it’s practice builds strong characters. As parents you must be ready to show them the right direction. As we commit to empower your sons and daughters with islamic and modern knowledge, we expect you to join us in this beautiful journey.

GOOD COMMUNICATION AND COLLABORATION WITH PARENTS ARE SEEN AS ESSENTIAL TO OUR ETHOS

HOW WE KEEP YOU INVOLVED

- At Hidayah Islamic International School the parents are encouraged to meet, interact and review their child’s educational progress and overall development with his/her class teachers.
- Parenting sessions are conducted by HIIS once every few months to help parents provide a healthy and positive environment at home.
- Parents are invited to join in the events and programs held at school.

TEACHERS, STUDENTS AND PARENTS

Success depends on the contribution of teachers, pupils and parents. As parents and carers, we need to be actively involved in the moral upbringing and academic achievements of our children. At HIIS we achieve that by maintaining a relationship of trust and respect among teachers, students and parents.

HIDAYAH ALSO REFERS TO THE PROCESS OF UNFOLDING I.e. DISCOVERING OF TALENTS, SKILLS AND ABILITIES THAT A CHILD IS INHERENTLY BLESSED WITH.

A SPIRITUAL FOUNDATION WHERE THE MODERN MEETS ISLAM

As parents you must be worried about the moral, behavioural and intellectual upbringing of your loved ones.

Your child will spend a significant amount of each day at schools. As concerned parents, you don't have to struggle anymore to strike a balance between home and school.

At Hidayah Islamic International School we work tirelessly on the soul, the body & the mind to create compassionate, responsible & creative human beings.
